(“**Computershare**”), the Corporation’s registrar and transfer agent, by 2:00 p.m. (Pacific daylight time) on September 13, 2017 or the last business day prior to any adjourned or postponed Meeting. MANAGEMENT INFORMATION CIRCULAR

This management information circular, including all schedules hereto (the “Circular”) is furnished in connection with the solicitation of proxies by or on behalf of the management of Pure Gold Mining Inc. (the “Corporation”, or “Pure Gold”) to be used at the annual general meeting of the holders of common shares of Pure Gold (“Common Shares”), or any adjournment(s) or postponement(s) thereof (the “Meeting”) to be held at the offices of Blake, Cassels & Graydon LLP, Suite 2600, 595 Burrard Street, Three Bentall Centre, Vancouver, British Columbia, on September 15, 2017 at 11:00 a.m. (Vancouver time) for the purposes set forth in the Notice of Annual General Meeting of Shareholders of the Corporation (“Shareholders”) accompanying this Circular.

General Information

Except as otherwise stated, the information contained herein is given as of August 7th, 2017. Figures in this Circular are expressed in Canadian dollars (“C\$”), the same currency that the Corporation uses in its consolidated financial statements for the year ended March 31, 2017 (the “**Annual Financial Statements**”), unless otherwise stated.

Corporate Background

Pure Gold was incorporated on November 14, 2005 pursuant to the provisions of the Business Corporations Act (British Columbia) under the name "Capo Resources Ltd.". Effective May 15, 2008, the Corporation acquired 0785531 B.C. Ltd. through a reverse takeover, which completed its Qualifying Transaction requirement under TSX Venture Exchange Policy 2.4. The acquisition was accounted for according to the accounting guidelines for reverse takeover transactions that do not constitute a business combination, with 0785531 B.C. Ltd. being the deemed accounting acquirer for financial statement purposes.

The Qualifying Transaction described above involved the amalgamation of a wholly-owned subsidiary of the Corporation with 0785531 B.C. Ltd. These two entities were amalgamated as one company under the name Laurentian Exploration Ltd. The amalgamation was completed in accordance with the terms of a statutory Plan of Arrangement under the *Business Corporations Act* (British Columbia) (“**BCBCA**”). The amalgamated entity was a wholly-owned subsidiary of the Corporation at that time.

On January 22, 2009, the Corporation completed an amalgamation with its wholly owned subsidiary, Laurentian Exploration Ltd. These two entities were amalgamated as one company under the name Laurentian Goldfields Ltd. The amalgamation was completed in accordance with the terms of a statutory Plan of Arrangement under the BCBCA.

On June 24, 2014, the Corporation filed articles of amendment to change its name to Pure Gold Mining Inc.

The registered records office of the Corporation is c/o McMillan LLP, Suite 1500, PO Box 11117 Vancouver, British Columbia Canada V6E 4N7 and the head office and principal place of business and head office of the Corporation is located at 1900 – 1055 West Hastings Street, Vancouver, British Columbia V6E 2E9.

The Corporation’s principal activity is the acquisition, exploration and development of the Madsen Gold Project located in Red Lake, Ontario Canada.

PART I: VOTING INFORMATION

Solicitation of Proxies

It is expected that the solicitation of proxies will be primarily by mail, but proxies may also be solicited personally, by telephone, e-mail, internet, facsimile or other means of communication by regular officers, employees and agents of the Corporation at nominal cost. The cost of solicitation by management will be borne directly by the Corporation. The Corporation will reimburse investment dealers, brokers, banks, custodians, nominees and other fiduciaries for permitted fees and costs incurred by them in mailing soliciting materials to the beneficial owners of Common Shares. Invoices for such permitted fees and costs should be directed to the attention of the Chief Financial Officer of the Corporation at Suite 1900, 1055 West Hastings Street, Vancouver, British Columbia, V6E 2E9.

Notice to Shareholders in the United States

The solicitation of proxies involves securities of an issuer located in Canada and is being effected in accordance with the corporate laws of the Canada and securities laws of the provinces of Canada. The proxy solicitation rules under the *United States Securities Exchange Act of 1934*, as amended, are not applicable to the Corporation or this solicitation, and this solicitation has been prepared in accordance with the disclosure requirements of the securities laws of the provinces of Canada. Shareholders should be aware that disclosure requirements under the securities laws of the provinces of Canada differ from the disclosure requirements under United States securities laws.

The enforcement by Shareholders of civil liabilities under United States federal securities laws may be affected adversely by the fact that the Corporation is incorporated under the BCBCA, certain of its directors and its executive officers are residents of Canada and a substantial portion of its assets and the assets of such persons are located outside the United States. Shareholders may not be able to sue a foreign company or its officers or directors in a foreign court for violations of United States federal securities laws. It may be difficult to compel a foreign company and its officers and directors to subject themselves to a judgment by a United States court.

Notice-and-Access

The Corporation is availing itself of the “Notice-and-Access” provisions in securities laws that permit the Corporation to forego mailing paper copies of this Circular and proxy-related materials to Shareholders and instead make them available for review, print and download via the Internet. Non-registered Shareholders have received a Notice Package (as defined below), but will not receive a paper copy of this Circular or the proxy-related materials unless they request one as described in the Notice Package. Notice-and-Access will not be used for registered Shareholders as a result of certain restrictions in the Corporation’s articles that do not allow for the use of Notice-and-Access as a delivery method for registered Shareholders. Registered Shareholders will receive a paper copy of this Circular and all proxy-related materials.

In accordance with the requirements of National Instrument 54-101, *Communication With Beneficial Owners of Securities of a Reporting Issuer, of the Canadian Securities Administrators* (“**NI 54-101**”), the Corporation has distributed a notice (the “**Notice Package**”), in the form prescribed by NI 54-101 to the clearing agencies and intermediaries for onward distribution to non-registered Shareholders, of the Internet website location where such non-registered Shareholders may access the notice of Meeting, this Circular and the instrument of proxy (collectively, the “**Meeting Materials**”). The Corporation will pay for intermediaries to forward the Meeting Materials to objecting beneficial owners (as defined in NI 54-101).

Intermediaries are required to forward the Notice Package to non-registered Shareholders unless a non-registered Shareholder has waived the right to receive Meeting Materials. Typically, intermediaries will use a service company to forward the Notice Package to non-registered Shareholders.

Meeting Materials can be accessed directly online at www.puregoldmining.ca/agm.

Appointment and Revocation of Proxies

The proxy nominees named in the accompanying Proxy are officers and/or directors of the Corporation. **A Shareholder desiring to appoint another person or corporation, other than those management nominees named in the accompanying form of proxy, to represent such Shareholder at the Meeting, may do so** either by inserting such person's or corporation's name in the blank space provided for that purpose in the accompanying Proxy or by completing another proper form of proxy and, in either case, depositing the properly completed and signed proxy at the office of the Corporation's registrar and transfer agent, Computershare Investor Services Inc. ("**Computershare**"), indicated on the enclosed envelope for receipt not later than 48 hours (excluding Saturdays, Sundays and holidays) before the time of the Meeting, or delivering it to the Chair of the Board of Directors of the Corporation (the "**Board**") prior to the commencement of the Meeting on the date of such Meeting. Late proxies may be accepted or rejected by the Chair of the Meeting in his discretion, and the Chair is under no obligation to accept or reject any particular late proxy.

A proxy given by Shareholders for use at the Meeting may be revoked at any time prior to its use: (i) by instrument in writing, including another proxy bearing a later date, executed by the Shareholder or by its attorney duly authorized in writing, or, if the Shareholder is a corporation, by a duly authorized officer or member of the Board (each individually a "**Director**") thereof under its corporate seal, or by an attorney thereof duly authorized, and either deposited at the head office of the Corporation at Suite 1900, 1055 West Hastings Street, Vancouver, British Columbia, V6E 2E9 or transmitted by fax to (604) 632-4678 at any time up to and including 2:00 p.m. (Vancouver time) on September 13, 2017 or the last business day before any adjourned or postponed Meeting; (ii) by attending the Meeting and notifying the Chair prior to the commencement of the Meeting that you have revoked your proxy; or (iii) in any other manner permitted by law.

Advice to Beneficial Holders of Securities

Only registered Shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Many Shareholders may be "non-registered" Shareholders because the Common Shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the Common Shares. More particularly, a person is not a registered Shareholder in respect of Common Shares which are held on behalf of that person (the "**Non-Registered Holder**") but which are registered either: (a) in the name of an intermediary (an "**Intermediary**") that the Non-Registered Holder deals with in respect of the shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSP's, RRIF's, RESPs and similar plans); or (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited) of which the Intermediary is a participant.

Non-Registered Holders who have not objected to their Intermediary disclosing certain ownership information about themselves to the Corporation are referred to as "NOBOs". Those Non-Registered Holders who have objected to their Intermediary disclosing ownership information about themselves to the Corporation are referred to as "OBOs".

In accordance with the requirements of NI 54-101, the Corporation has elected to send the Notice of Meeting, this Circular and the Proxy (collectively, the "**Meeting Materials**") directly to the NOBOs.

Also in accordance with the requirements of NI 54-101, the Corporation has distributed copies of the Meeting Materials to the Intermediaries for onward distribution to OBOs. Intermediaries are required to forward the Meeting Materials to OBOs unless, in the case of certain proxy-related materials, the OBO has waived the right to receive them. Very often, Intermediaries will use service companies to forward the Meeting Materials to OBOs. With those Meeting Materials, Intermediaries or their service companies should provide OBOs with a request for voting instruction, Voting Instruction Form (“VIF”) which, when properly completed and signed by such OBO and returned to the Intermediary or its service company, will constitute voting instructions which the Intermediary must follow. The purpose of this procedure is to permit OBOs to direct the voting of the Common Shares that they beneficially own.

The Meeting Materials are being sent to both registered and non-registered owners of the securities. If you are a non-registered owner, and the Corporation or its agent has sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding on your behalf. Meeting Materials will be sent electronically to those beneficial owners from whom consent has been obtained.

By choosing to send these materials to you directly, the Corporation (and not the Intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

Meeting Materials sent to beneficial owners who have not waived the right to receive Meeting Materials are accompanied by a VIF to be used instead of a Proxy. By returning the VIF in accordance with the instructions noted on it, a Non-Registered Holder is able to instruct the Registered Shareholder how to vote on behalf of the Non-Registered Shareholder. VIFs, whether provided by the Corporation or by an Intermediary, should be completed and returned in accordance with the specific instructions noted on the VIF.

In either case, the purpose of this procedure is to permit Non-Registered Holders to direct the voting of the shares which they beneficially own. **Non-Registered Holders receiving a VIF cannot use that form to vote Common Shares directly at the Meeting. Non-Registered Holders should carefully follow the instructions set out in the VIF including those regarding when and where the VIF is to be delivered.** Should a Non-Registered Holder who receives a VIF wish to attend the Meeting or have someone else attend on his/her behalf, the Non-Registered holder may request a legal proxy as set forth in the VIF, which will grant the Non-Registered Holder or his/her nominee the right to attend and vote at the Meeting.

Voting of Proxies

Common Shares represented by properly completed and executed proxies that are received in the manner prescribed above will be voted (or withheld from voting) in accordance with the instructions of the Shareholder, including on any ballot votes that may take place at the Meeting. If you have not specified how to vote on a particular matter, then your proxy holder can vote your Common Shares as he or she sees fit. **Where no choice is specified, Common Shares represented by properly completed and executed proxies in favour of the management proxy nominees named in the printed portion of the enclosed Proxy will be voted “FOR” each of the matters to be voted on by Shareholders, as follows:**

- **“FOR” the election as Directors of the six nominees listed in this Circular for the ensuing year;**
- **“FOR” the appointment of PricewaterhouseCoopers LLP as independent auditors of the Corporation for the ensuing year and the authorization of the Directors to fix their remuneration; and**
- **“FOR” the ratification and approval of the Corporation’s Stock Option Plan, as attached as Schedule “2”.**

The accompanying Proxy also confers discretionary authority upon the proxy nominees named therein with respect to amendments or variations to matters identified in the Notice of Meeting, or other matters as may properly come before the Meeting. At the date of this Circular, management of the Corporation (“**Management**”) knows of no such amendments, variations or other matters to come before the Meeting. However, if any amendments, variations or other matters which are not now known to Management should properly come before the Meeting, the Common Shares represented by proxies in favour of the Management nominees named in the accompanying form of proxy will be voted on such matters in accordance with the best judgment of such proxy nominees.

Voting Securities and Principal Holders Thereof

Only Shareholders of the Corporation who are listed on its Register of Shareholders on the record date of August 2, 2017 (the “**Record Date**”) are entitled to receive notice of and to attend and vote at the Meeting (See “*Voting of Proxies*” above).

At August 7, 2017, the Corporation had 191,531,092 Common Shares issued and outstanding. Each Common Share outstanding on the Record Date carries the right to one vote.

To the knowledge of the Directors and executive officers of the Corporation, as of August 7, 2017, AngloGold Ashanti International Exploration Holdings Limited (“**AngloGold**”) owns in excess of 10% of the Common shares of the Corporation. AngloGold directly holds 20,640,281 or approximately 10.8% of the Corporation’s issued and outstanding Common Shares. AngloGold is Pure Gold’s single largest shareholders. As a result, AngloGold may have the ability to influence the outcome of matters submitted to the Pure Gold shareholders for approval, which could include the election and removal of directors, amendments to Pure Gold’s corporate governance documents and business combinations. Pure Gold’s interests and those of AngloGold may at times conflict, and this conflict might be resolved against Pure Gold’s interests. The concentration of 10.8% of Pure Gold’s issued and outstanding shares in the hands of one shareholder may discourage an unsolicited bid for the Common Shares, and this may adversely impact the value and trading price of the Common Shares. AngloGold’s participation in, or failure to participate in any issuance of Additional Pure Gold Securities may have a material impact on the value and trading price of the Common Shares.

PART II: BUSINESS OF THE MEETING

Receipt of Financial Statements

The Annual Financial Statements and accompanying auditor's report thereon will be presented at the Meeting, and will be mailed to those registered and beneficial Shareholders of the Corporation who requested them. The Annual Financial Statements are available under the Corporation's company profile on the System for Electronic Document Analysis and Retrieval ("**SEDAR**") at www.sedar.com and at www.puregoldmining.ca.

Election of Directors

The Board currently consists of six Directors. Each Director is to hold office until the next annual meeting or until his or her successor is duly elected unless his or her office is earlier vacated in accordance with the by-laws of the Corporation.

Advance Notice Policy

On September 23, 2016 the shareholders of the Corporation approved the adoption of an advance notice policy (the "**Advance Notice Policy**"). The Advance Notice Policy provides for advance notice to the Corporation in circumstances where nominations of persons for election to the Board are made by Shareholders other than pursuant to (i) a requisition of a meeting made pursuant to the provisions of the BCBCA or (ii) a shareholder proposal made pursuant to the provisions of the BCBCA.

No person will be eligible for election as a Director of the Corporation unless nominated in accordance with the Advance Notice Policy.

The foregoing is merely a summary of the Advance Notice Policy, is not comprehensive, and is qualified by the full text of such policy, a copy of which is attached to this Circular as Schedule "3".

Nominees and Qualifications

The following tables sets out the name of Management's Nominees for election as Director, and other information including: the place in which each is ordinarily resident, his principal occupation and principal occupations held in the last five years, the number of Common Shares beneficially owned, or controlled or directed directly or indirectly, the number of outstanding options to purchase Common Shares ("**Options**") held by the Nominee, the period or periods during which each has served as a Director, current membership on committees of the Board, record of attendance at meetings of the Board and its committees through March 31, 2017, and whether or not the Board has determined each Nominee to be independent. There are no contracts, arrangements or understandings between any Director or executive officer or any other person pursuant to which any of the nominees has been nominated for election as a Director of the Corporation.

Management of the Corporation does not anticipate that any of the proposed Nominees will be unable to serve as a director; however, if for any reason any of the proposed Nominees do not stand for election or are unable to serve as such, the Common Shares represented by proxies given in favour of Management's Nominee(s) may be voted by the person designated by Management of the Corporation in the enclosed Proxy, in their discretion, in favour of another nominee.

In the absence of a contrary instruction, the persons designated by Management of the Corporation in the enclosed form of proxy intend to vote "FOR" the election of the Directors set out in the following tables. The total value of Common

Shares has been calculated using the market price of the Common Shares of Pure Gold on the TSX-V on March 31, 2017 (C\$0.60).

To the knowledge of Pure Gold, no personal holding company of any proposed director is or has been, as applicable, subject to the foregoing during the applicable time periods.

Mr. Lenard Boggio was a director of Great Western Minerals Group Ltd. (“GWMG”) from January 2013 until his resignation together with all the then current directors in July 2015. In April 2015, GWMG announced that a support agreement was entered into with the holders of a majority of GWMG’s secured convertible bonds and GWMG was granted protection from its creditors under the Companies Creditors Arrangements Act upon receiving an initial order from the Ontario Court of Justice Commercial List. In May 2015, an order was issued by the Financial and Consumers Affairs Authority of the Province of Saskatchewan that all trading in the securities of GWMG be ceased due to its failure to file financial statements for the year ended December 31, 2014. In December 2015, the Monitor of GWMG issued a press release announcing that it had filed an assignment in bankruptcy on behalf of GWMG.

Appointment of Auditor

At the Meeting, Shareholders will be asked to vote for the re-appointment of PricewaterhouseCoopers LLP, Chartered Accountants (“PwC”), the present auditors of Pure Gold, as the auditors of the Corporation to hold office until the close of the next annual meeting of Shareholders and to authorize the directors to fix their remuneration. A simple majority of the votes cast at the Meeting must be voted in favour thereof.

Unless such authority is withheld, the Management proxy nominees named in the accompanying Proxy intend to vote “for” the appointment of PwC as auditors of the Corporation to hold office until the close of the next annual meeting of Shareholders and to authorize the directors to fix their remuneration.

Ratification and Approval of Stock Option Plan

The Board has established the Option Plan as described under ‘Executive Compensation – Description of Stock Option Plan’.

The policies of the TSX Venture Exchange require stock option plans which reserve for issuance up to 10% (instead of a fixed number) of a listed corporation’s shares be approved annually by its shareholders. That approval is being sought at the Meeting by way of an ordinary resolution.

Therefore, at the Meeting, shareholders will be asked to pass a resolution in the following form:

“UPON MOTION IT WAS RESOLVED that the Corporation approve and ratify, subject to regulatory approval, the Stock Option Plan pursuant to which the directors may, from time to time, authorize the issuance of options to directors, officers, employees and consultants of the Corporation and its subsidiaries to a maximum of 10% of the issued and outstanding common shares at the time of the grant, with a maximum of 5% of the Corporation’s issued and outstanding shares being reserved to any one person on a yearly basis.”

Following the Meeting (assuming approval of the Option Plan by the shareholders), any options granted pursuant to the Option Plan will not require further shareholder or Exchange approval unless the exercise price is reduced or the expiry date is extended for an option held by an insider of the Corporation.

The full text of the Plan is attached hereto as Schedule “2”.

Unless otherwise directed, it is the intention of the Management Designees, if named as Proxyholder, to vote in favour of the ordinary resolution approving the Option Plan.

PART III: REPORT ON COMPENSATION

Executive Compensation

Unless otherwise noted, the following information is for the Corporation's last completed financial year (which ended March 31, 2017).

A. Named Executive Officers

For the purposes of this Circular, a Named Executive Officer ("NEO") of the Corporation means each of the following individuals:

- (a) the chief executive officer ("CEO") of the Corporation;
- (b) the chief financial officer ("CFO") of the Corporation; and
- (c) each of the Corporation's three most highly compensated executive officers, or individuals acting in a similar capacity, other than the CEO and CFO, at the end of, or during, the most recently completed financial year if their individual total compensation was more than \$150,000 for that financial year.

B. Compensation Discussion and Analysis

The Compensation Committee of the Corporation's board of directors (the "Board") is responsible for ensuring that the Corporation has appropriate procedures for executive compensation and making recommendations to the Board with respect to the compensation of the Corporation's executive officers. The Compensation Committee seeks to ensure that total compensation paid to all executive officers is fair and reasonable and is consistent with the Corporation's compensation philosophy.

The Compensation Committee is also responsible for recommending compensation for the directors and granting stock options to the directors, officers and employees of, and consultants to, the Corporation pursuant to the Corporation's Stock Option Plan.

The Compensation Committee is currently comprised of Graeme Currie (Chair), Dr. Mark O'Dea and Troy Fierro.

During the year ended March 31, 2017, the Compensation Committee held one meeting on compensation matters.

The Compensation Committee does not specifically consider the implications of risks associated with the Corporation's compensation policies and practices given that the payment on annual cash bonuses has been sporadic and heavily dependent upon the financial stability of the Corporation. The Corporation does not use a formal Bonus Plan with measurable metrics that may be manipulated by an NEO to achieve a compensation objective. Therefore the Compensation Committee does not believe its compensation policies lead to any NEO taking excessive risks.

Philosophy

The Corporation follows the practice of compensating its NEOs such that compensation is competitive with peer group companies, allows the Corporation to attract and retain its key employees, and allows the Corporation to compensate based on performance. Pure Gold has adopted a 'pay for performance' philosophy whereby fixed pay is positioned slightly below market-competitive levels while incentive programs are structured to provide above-market total compensation for high levels of performance. This philosophy is linked to the Corporation's business strategy which includes increasing stakeholder value. In addition, the compensation programs aim for simplicity and responsiveness to market changes.

In December 2016, the Corporation engaged Lane Caputo Compensation Inc. ("**Lane Caputo**") to prepare a report on executive compensation for the Corporation to ensure the Corporation pursues practical, and defensible pay policies, plans and practices that enhances shareholder value while recognizing local market pressures. The Lane Caputo report was delivered to the Corporation in December 2016. This report was an update to a December 2014 report, also prepared by Lane Caputo. See further discussion below under "**Lane Caputo Report and Recommendations**".

The Corporation has not engaged any consultant on compensation matters since the Lane Caputo report, believing that the relevant data supplied by Lane Caputo remains current.

Objective

The Corporation performs reviews of all NEOs and directors annually to ensure that compensation provided to top performing individuals is comparable to that of individuals with similar qualifications, skills and positions with peer companies within the mining industry.

Components of NEO Compensation

The Corporation's key components of compensation for NEOs are base salary, variable annual cash incentives and stock options. The Corporation does offer other perquisites but such are not material on an annual basis.

Base Salary

The base salary is based on a benchmark which was determined by a salary survey arranged by the Corporation and a review of select junior mining companies. The positions reviewed were Presidents, CEOs, CFOs, VP, Exploration, Chief Geoscientist and VP, Operations for base salary, bonuses, other compensation and stock options.

After the above information is considered a target salary is determined. The target salary is the optimal salary paid to an individual who is proficient, experienced, has sufficient skills and potential and is performing at a high level. The initial salary granted is based on these factors and the Corporation's intention is that each individual will reach the target base salary after satisfactory annual reviews by the Compensation Committee.

Annual Cash and Stock Incentives

Annual incentives are granted to individuals based on objectives determined by the Compensation Committee for effort "above and beyond" the ordinary circumstances. Given that the Corporation is a junior company with no source of cash flow other than financings, the objectives are not necessarily based on Corporation performance factors such as stock prices and earnings per share and can be subjective to a certain degree. The objectives are based more on the general improvement of the Corporation in terms of successful financings, property acquisitions, property option agreements, establishing control procedures, and other factors as determined by the Compensation Committee. These factors are assessed against the objectives of the Corporation in light of the external environment and current business situation. The Compensation Committee will meet annually to discuss these objectives with individuals and objectives will be aligned with the position of each individual. The Corporation may satisfy the annual incentives by payment of cash bonuses or stock awards. The Corporation takes into consideration the financial position of the Corporation, especially in when raising financing is difficult, before any cash bonuses are paid.

If, after issuance of any incentives, the Corporation determined that the performance results used to calculate the incentives have decreased, the incentive awarded as a result of misconduct on the part of the individual to whom such incentives were awarded, the incentive awards would be returned or reimbursed to the Corporation proportionately as determined by the Compensation Committee. For fiscal 2017, the employees were paid cash annual incentives. In fiscal 2016 and 2015, no annual incentives were awarded to employees, primarily as financial circumstances did not allow them to be paid.

Stock options

The granting of stock options is also based on the surveys noted in the base salary section above.

The granting of options is segregated into active officers and directors, non-active directors and officers, non-independent directors and independent directors. Non-independent directors are defined for this purpose as directors who also hold an officer position and therefore will not receive additional compensation for holding an office and directorship simultaneously.

The grant is then based on the level of involvement in the Corporation's affairs and target stock option grants are determined. The philosophy is to grant options based on the involvement, proficiency, experience and performance levels. This target grant is determined by individual and that individual is reviewed annually by the Board/Compensation Committee.

The Corporation grants overall options based on the total available stock option grant, which is determined by the rules of the TSX Venture Exchange and described below under the heading "Description of Stock Option Plan". The Corporation does take into account previous grants of option based awards when considering new grants.

Lane Caputo Report and Recommendations

The Compensation Committee retained Lane Caputo Compensation Inc. (“**Lane Caputo**”) in 2016 at a cost of approximately C\$20,000, to deliver a report (the “**Lane Caputo Report**”) that provides recommendations relating to remuneration for the Corporation’s executives and directors. Lane Caputo did not provide any other services to the Corporation other than the Lane Caputo Report.

The Lane Caputo Report considered multiple forms of compensation including base salary, benefits and grants of Options. In coming up with their recommendations Lane Caputo canvassed the compensation practices of a broad group of the Corporation’s peers (the “**LC Peer Group**”). The LC Peer group consisted of 18 exploration stage mining companies¹ of a similar size, asset composition and stage of development as the Corporation.

Lane Caputo Methodology

Standard compensation methodology involves benchmarking compensation practices against a group of peer companies of similar size with relevant operations in the same regional geography; the resulting peer group will then represent a realistic “market” from which the company may recruit key talent from or lose key talent to.

As the availability of cash flow tends to determine pay mix to an extent, matching the development stages of peer companies is particularly important. Whereas exploration-stage companies tend to rely more heavily on equity-based compensation in order to focus the majority of available cash on exploration activities, companies that have achieved a sustainable level of commercial production, and have associated predictable cash flow levels, gradually reduce their reliance on equity-based compensation in favor of cash compensation.

Geographical similarity of peer companies allows for a more accurate benchmarking of the skillsets required to oversee international versus domestic operations and reflects the additional time commitment often associated with international operations, as the risk/reward profile of international operations, as well as the market for executives and non-management directors with international experience, can have an influence on pay practices. As such, Lane Caputo, to the greatest extent possible, tried to limit the peer group to those companies focused on domestic assets.

As the magnitude of executive compensation is closely correlated to the size of organization the executive oversees, compensation levels are generally compared to companies that would be considered of relevant (approximately half to double) size to Pure Gold based on market capitalization.

Lane Caputo relied on compensation data from its proprietary database to benchmark the compensation practices of Pure Gold’s peer group. Where peer companies are not a part of the database, proxy circular compensation data was collected for the top positions. In addition to peer group data, compensation data from the broader mining industry was used as a cross-check to the data from the peer group and as a benchmark for those positions that are not prevalent or not disclosed in the peer group; this data was adjusted to reflect companies of Pure Gold’s size and stage of development.

Pure Gold compensates its NEOs such that compensation is competitive with peer group companies, allows the Corporation to attract and retain its key employees, and allows the Corporation to compensate based on performance. This philosophy is linked to the Corporation’s business strategy which includes increasing stakeholder value.

Based on the foregoing philosophy, Lane Caputo’s proposed positioning for each element of compensation was as follows:

¹ The peer group consisted of Ascot Resources Ltd., Atac Resources Ltd., Auryn Resources Inc., Balmoral Resources Ltd., Corvus Gold Inc., Eastmain Resources Inc., Integra Gold Corp., Marathon Gold Corp., Midland Exploration Inc., Newcastle Gold Ltd., Nighthawk Gold Corp., Nulegacy Gold Corp., Orex Minerals Inc., Pershing Gold Corp., Probe Metals Inc., Treasury Metals Inc., Trilogy Metals Inc., and Wellgreen Platinum Ltd.

- Salary: is based on relevant marketplace information, experience, past performance and level of responsibility. For a fully-qualified incumbent in a given position, Pure Gold should target salary slightly below the median of the peer group. The Corporation may pay above or below this target to reflect each incumbent's relative experience or to reflect competitive market pressures for a given skill set.
- Short-Term Incentives (“STI”): are usually sporadic and discretionary in nature at this stage of development, with the Committee providing cash payments to recognize the achievement of significant milestones in the Corporation's strategic plan.

Upon the achievement of milestones, target award levels should position total cash compensation (salary + bonus) at the median of the market when performance achieves targeted levels. Bonus opportunity should have sufficient leverage that total cash compensation (salary + bonus) can achieve 75th percentile levels of cash compensation when performance warrants.

- Long-Term Incentives (“LTI”): are a particularly important component of compensation in the mining industry where executives and employees need to be aligned with the risk/reward profile of shareholders through participation in share appreciation. The number of stock options granted annually to each position will be near the median levels in the peer group and should be sufficient that, when combined with each position's other elements of compensation, will allow total direct compensation to achieve above-market positioning for superior share price performance.

Lane Caputo Recommendations

The Lane Caputo Report recognized that the executive compensation was at or below the lower quartile of the peer group. Only an adjustment to the salaries provided to the Corporation's CEO (from \$200,000 to \$235,000) and Vice President of Operations (from \$200,000 to \$220,000) are recommended at this time to achieve the stated compensation philosophy.

None of the 18 peer group companies utilized a formulaic approach to STI's and therefore any STI payouts would be at Board discretion.

The following levels of annual equity-based incentive conform to the Corporation's compensation philosophy of aligning plan participants with shareholders and allow for above-market total compensation levels through share price appreciation:

Stock Options	
CEO	700,000
CFO	500,000
Vice President, Operations	500,000
Vice President, Exploration	350,000
Chief Geoscientist	350,000

On December 14 2016, the Compensation Committee met to discuss executive compensation and the findings of the Lane Caputo report and recommended to the Board that NEO salaries be increased within the recommended salary range of the Lane Caputo report and that each of the NEO's be paid a cash STI reflecting their contributions to the successes of the organization over the past year. The Compensation Committee felt that the CEO's salary should be raised above that of the Lane Caputo Recommendations reflecting years of service at a below average rate of compensation and a significant change in the duties and responsibilities of the position with the growth of the Corporation. In addition, the Compensation Committee recommended increases for the CFO, Vice President, Exploration and Chief Geoscientist to set their base salary closer to the median for the peer group.

In addition, the Compensation Committee recommended LTI awards to each NEO. The Compensation Committee's recommendations to the Board were approved by the Board in December 2016

The following table sets out the new NEO salaries, STI and LTI awards approved by the Board, effective January 1, 2017:

	2017 Salary	STI Award	Stock Option Awards
CEO	\$275,000	\$100,000	750,000
CFO	\$210,000	\$60,000	500,000
Vice President, Operations	\$200,000	\$14,500	500,000
Vice President, Exploration	\$210,000	\$72,000	500,000
Chief Geoscientist	\$190,000	\$43,500	400,000

⁵ *The Corporation uses the Black-Scholes Option Pricing Model to calculate the grant date fair value of option-based awards. The model requires six key inputs: risk-free interest rate, exercise price of the Option, market price of the Common Shares at date of grant, expected dividend yield, expected life of the Option and share price volatility, all of which, except for the exercise price of the Option and market price of the Common shares at date of grant, are estimates of management. Such estimates are for awards made during the year ended March 31, 2017 (Please refer to Note 13(d) of the Corporation's consolidated financial statements for the year ended March 31, 2017, for the assumptions and estimates used in valuing the option-based awards). The estimates for awards made during prior financial years are described in the corresponding management information circulars of the Corporation.*

The total compensation shown in the last column is total compensation of each NEO reported in the other columns. The value of the in-the-money options currently held by each director (based on share price less option exercise price) is set forth in the 'Value of Unexercised in-the-money Options' column of the "Outstanding Share-Based and Option-Based Awards" table below.

Compensation of Directors

The Board, on the recommendation of the Compensation Committee, reviews and approves changes to the Corporation's director compensation arrangements from time to time to ensure they remain competitive in light of the time commitments required from directors, and align directors' interests with those of Shareholders. Directors who are not officers or employees of the Corporation or any of its subsidiaries are compensated for their services as directors through annual retainer fees and Options issuable from time to time under the Stock Option Plan based on the recommendations of the Compensation Committee.

In fiscal 2016, non-executive directors of the Corporation were paid a base retainer fee of C\$25,000 per annum, excluding the Chair who received C\$45,000 per annum. The Chair of the Audit Committee and Compensation Committee received an additional \$10,000 and \$5,000 per annum, respectively.

Commencing January 1, 2017, the Board, on the recommendation of the Compensation Committee raised the base retainer fee of the Chairman and Dr. Mark O'Dea to \$75,000 and \$60,000 per annum, reflecting the considerable time and effort spent by these individuals marketing and promoting the Corporation. The remaining director base retainer fees were raised to \$35,000 per annum, placing them near the top of the peer group, as outlined in the Lane Caputo report, in an effort to retain and attract the best quality of directors possible. In addition, the fee for the Chair of the Compensation Committee was raised to \$10,000 per annum, a fee near the 75th percentile of the Lane Caputo peer group.

Directors are also reimbursed for reasonable out-of-pocket expenses incurred in attending meetings or otherwise carrying out their duties as directors of the Corporation.

The following table describes director compensation for non-NEO directors for the year ended March 31, 2017.

¹ The Corporation uses the Black-Scholes Option Pricing Model to calculate the grant date fair value of option-based awards. The model requires six key inputs: risk-free interest rate, exercise price of the Option, market price of the Common Shares at date of grant, expected dividend yield, expected life of the Option and share price volatility, all of which, except for the exercise price of the Option and market price of the Common shares at date of grant, are estimates of management. Such estimates are for awards made during the year ended March 31, 2017 (Please refer to Note 13(d) of the Corporation's consolidated financial statements for the year ended March 31, 2017, for the assumptions and estimates used in valuing the option-based awards). The estimates for awards made during prior financial years are described in the corresponding management information circulars of the Corporation.

The value of the in-the-money options currently held by each director (based on share price less option exercise price) is set forth in the 'Value of Unexercised in-the-money Options' column of the "Outstanding Share-Based and Option-Based Awards" table below.

Other than participation in the Corporation's stock option plan, the Corporation has no arrangements, standard or otherwise pursuant to which directors are compensated by the Corporation or its subsidiaries for their services in their capacity as directors, or for committee participation, involvement in special assignments or for services as consultant or expert during the most recently completed financial year or subsequently, up to and including the date of this Circular.

Description of Stock Option Plan

The Board of Directors of the Corporation (the "Board") has established an incentive stock option plan (the "Option Plan"). The purpose of the Option Plan is to attract and motivate the directors, officers and employees of the Corporation (and any of its subsidiaries), employees of any management company and consultants to the Corporation (collectively the "Optionees") and thereby advance the Corporation's interests by providing them an opportunity to acquire an equity interest in the Corporation through the exercise of stock options granted to them under the Option Plan.

Pursuant to the Option Plan, the Board may grant options to Optionees in consideration of them providing their services to the Corporation or a subsidiary. The number of shares subject to each option is determined by the Board within the guidelines established by the Option Plan. The options enable the Optionees to purchase shares of the Corporation at a price fixed pursuant to such guidelines. The options are exercisable by the Optionee giving the Corporation notice and payment of the exercise price for the number of shares to be acquired.

The Plan authorizes the Board to grant stock options to the Optionees on the following terms:

1. The number of shares subject to issuance pursuant to outstanding options, in the aggregate, cannot exceed 10% of the Corporation's issued shares.
2. The number of shares subject to issuance upon the exercise of options granted under the Option Plan by one Optionee or all Optionees providing investor relations services is subject to the following limitations
 - (a) no Optionee can be granted options during a 12 month period to purchase more than

- (i) 5% of the issued shares of the Corporation unless disinterested shareholder approval has been obtained (such approval has not been sought), or
 - (ii) 2% of the issued shares of the Corporation, if the Optionee is a consultant, and
 - (b) the aggregate number of shares subject to options held by all Optionees providing investor relations services cannot exceed 2% in the aggregate.
3. Unless the Option Plan has been approved by disinterested shareholders (such approval has not been obtained), options granted under the Option Plan, together with all of the Corporation's previously established and outstanding stock options, stock option plans, employee stock purchase plans or any other compensation or incentive mechanisms involving the issuance or potential issuance of its shares, shall not result, at any time, in
- (a) the number of shares reserved for issuance pursuant to stock options granted to insiders exceeding 10% of the shares outstanding at the time of granting,
 - (b) the grant to insiders as a group, within a one year period, of options to purchase that number of shares exceeding 10% of the outstanding shares, or
 - (c) the issuance to any one insider and such insider's associates, within a one year period, of shares totalling in excess of 5% of the outstanding shares.
4. The exercise price of the options cannot be set at less than the closing trading price of the Corporation's shares on the day before the granting of the stock options.
5. The options may be exercisable for up to five years.
6. There are not any vesting requirements unless the Optionee is a consultant providing investor relations services to the Corporation, in which case the options must vest over at least 12 months with no more than one-quarter vesting in any three month period. However, the Board may impose additional vesting requirements and, subject to obtaining any required approval from the TSX Venture Exchange (the "Exchange"), may authorize all unvested options to vest immediately. If there is a 'change of control' of the Corporation (due to a take-over bid being made for the Corporation or similar events), all unvested options, subject to obtaining any required approval from the Exchange, shall vest immediately.
7. The options can only be exercised by the Optionee (to the extent they have already vested) for so long as the Optionee is a director, officer or employee of, or consultant to, the Corporation or any subsidiary or is an employee of the Corporation's management corporation and within a period thereafter not exceeding the earlier of:
- (a) the original expiry date;
 - (b) 90 days after ceasing to be a director, officer or employee of, or consultant to, the Corporation at the request of the Board or for the benefit of another director or officer; and
 - (c) if the Optionee dies, within one year from the Optionee's death.
- If the Optionee is terminated 'for cause', involuntarily removed or resigns (other than at the request of the Board or for the benefit of another director or officer) from any of such positions the option will terminate concurrently.
8. The options are not assignable except to a wholly-owned holding company.
9. Disinterested shareholder approval must be obtained prior to the reduction of the exercise price of options granted to insiders of the Corporation.

Any amendments to the Option Plan or outstanding stock options are subject to the approval of the Exchange and, if required by the Exchange, of the shareholders of the Corporation, possibly with only 'disinterested shareholders entitled to vote. The amendment to an outstanding stock option will also require the consent of the Optionee.

No options have been granted under the Option Plan which remain subject to shareholder approval.

The Plan does not permit stock options to be transformed into stock appreciation rights.

The main elements of the executive compensation consists of base remuneration and incentive stock options which rewards executives for delivering value to the Corporation's shareholders through measurable increases in the value of the Corporation's common shares or asset base.

The Audit Committee has a "Whistleblower Policy" which outlines procedures for the confidential, anonymous submission by employees regarding the Corporation's accounting, auditing and financial reporting obligations, without fear of retaliation of any kind. If an applicable individual has any concerns about accounting, audit, internal controls or financial reporting matters which they consider to be questionable, incorrect, misleading or fraudulent, the applicable individual is urged to come forward with any such information, complaints or concerns, without regard to the position of the person or persons responsible for the subject matter of the relevant complaint or concern.

Reliance on Exemptions in NI 52-110 regarding *De Minimis* Non-audit Services or on a Regulatory Order Generally

PART V: OTHER INFORMATION

Technical and Management Services Agreement

On March 17, 2014, the Corporation entered into the Oxygen Agreement with Oxygen, a privately held company incorporated in British Columbia (of which Dr. O'Dea and Mr. Tetzlaff are directors). Pursuant to the Oxygen Agreement, Oxygen provides technical and administrative services on a cost recovery basis. Oxygen does not earn any revenue as a result of its relationship with the Corporation. Oxygen's office is located at Suite 1900, 1055 West Hastings Street, Vancouver B.C. Canada V6E 2E9 (the "**Oxygen Office**"). Under the terms of the Oxygen Agreement, and without limiting or abrogating the duties of the Corporation's President and Chief Executive Officer, or its Chief Financial Officers, Oxygen provides the Corporation:

- access to, and the use of the assets contained in, the Oxygen Office as a "Shared Facility"; and
- services, staff and expertise as determined necessary by Chief Executive Officer or its Chief Financial Officer.

The Oxygen Agreement is intended to provide the Corporation with a number of technical and administrative services and access, on an as-needed basis, to Oxygen's roster of geologists, mining engineers, investor relations and financial professionals (the "**Oxygen Talent**") that would not necessarily otherwise be available to the Corporation at this stage of the Corporation's development. Access to the Oxygen Talent and Oxygen Office is also generally at a lower cost than would otherwise be available to the Corporation if it had to seek out and engage such persons or contract for such administrative and office services on a full time basis. Oxygen has no management role in the Corporation.

Costs of Management Services

Shared Facilities and General and Administration charges

The allocation of Oxygen Office costs to the Corporation is determined on a monthly basis, based on actual costs incurred by Oxygen for operation of the Oxygen Office (the "**G&A Overhead Charge**"). The G&A Overhead Charge allocated to the Corporation reflects the number of individuals providing services to the Corporation relative to the overall number of individuals providing services to other entities serviced by Oxygen that have access to the Oxygen Office.

There is no prescribed incremental fee, mark-up on actual costs incurred by Oxygen, or additional charge paid by the Corporation to Oxygen, or any of Oxygen's directors in connection with the technical and administrative services received. The G&A Overhead Charge reflects an allocation to the Corporation of the actual cost paid by Oxygen to third-parties for services (plus applicable tax) and an allocation of the wages and employment benefits paid to the employees of Oxygen providing services to the Corporation. **Oxygen does not make any profit on this arrangement.** The total G&A Overhead Charge during 2017 was \$1,353,537 (2016 - \$899,058). Messrs Tetzlaff, Smerchanski and Lee receive remuneration directly from Oxygen, as noted in this Circular in their capacity as NEOs; they do not receive any additional compensation from Oxygen in any other capacity.

Oxygen is required to prepare and deliver to the Corporation an annual budget, including an estimate of the G&A Overhead Charge, and costs for employee salaries. In the event that Oxygen anticipates that the total annual costs of

providing services pursuant to the Oxygen Agreement will exceed the costs outlined in the annual budget by greater than 15%, Oxygen is required to use commercially reasonable efforts to inform the Corporation in writing of such increased costs as soon as it become aware of such cost.

Employees

Messrs. Tetzlaff, Smerchanski and Lee employees of Oxygen and receive their remuneration for their services directly from Oxygen. Accordingly, and as noted in this Circular, remuneration for Messrs. Tetzlaff, Smerchanski and Lee, have been disclosed as if each was directly employed by the Corporation. The total cost to the Corporation through the year ended March 31, 2017 for the Oxygen Talent was \$875,639 (2016 - \$494,722). The Corporation received services from 7 employees of Oxygen in the year ended March 31, 2017 (2016 – 12).

Termination of the Oxygen Agreement and Indemnification

The Oxygen Agreement is for an initial term of three years, and shall be automatically renewed from time to time thereafter for additional terms of one year unless otherwise terminated. The Oxygen Agreement may be terminated by either party giving at least 180 days' prior written notice of such termination, or immediately in the event of (i) the commission by Oxygen of any fraudulent act, or (ii) upon a wind-up liquidation, dissolution, bankruptcy, sale of substantially all assets, sale of business or if insolvency proceeding have been commenced or are being contemplated by Oxygen. Notwithstanding any termination of the Oxygen Agreement, the Corporation will continue to be bound by any agreements contracted on its behalf by Oxygen prior to termination, and has indemnified Oxygen in connection with the due performance of such agreements.

Security Deposit

Oxygen operates on a cost recovery basis and does not maintain a treasury balance sufficient to deliver access to the administrative and technical resources it provides. Accordingly, pursuant to the Oxygen Agreement, the Corporation has paid to Oxygen a security deposit (the “**Security Deposit**”) equal to an estimated amount of three months of administrative and technical services. This Security Deposit allows Oxygen to manage its invoicing and payment cycle with its suppliers and personnel while continuing to provide services to the Corporation.

As at March 31, 2017, the Security Deposit was \$305,280 (2016 - \$156,000). The Security Deposit will be applied to the last invoice, and any surplus will be refunded to the Corporation within 60 days of the effective date of termination, provided that the Corporation has paid all outstanding or potential future fees, costs and expenses.

3. GRANT OF OPTIONS

3.1 Option Terms

The Board may from time to time authorize the grant of Options to Eligible Persons. The Option Price of each Option shall be not less than the Discounted Market Price on the Grant Date provided that if an Option is granted within 90 days of the distribution of Shares by the Company pursuant to a prospectus, the Option Price must be the greater of the Discounted Market Price and the per share price paid for Shares acquired under such distribution. The 90 day period begins: (a) on the date a final receipt is issued for the prospectus, or, in the case of an initial public offering of Shares, on the date of listing of the Shares; or (ii) in the case of a prospectus that qualifies the distribution of Shares upon the exercise of special warrants, on the date of issuance of such special warrants.

The Expiry Date for each Option shall be set by the Board at the time of issue of the Option and shall not be more than ten (10) years after the Grant Date, subject to the operation of paragraph 4.5. Options shall not be assignable (or transferable) by the Optionee.

3.2 Previously Granted Options

In the event that on the date this Plan is implemented and effective (the "**Effective Date**") there are outstanding stock options (the "**Pre-Existing Options**") that were previously granted by the Company pursuant to any stock option plan in place prior to the Effective Date (a "**Pre-Existing Plan**"), all such Pre-Existing Options shall, effective as of the Effective Date, be governed by and subject to the terms of the Plan.

3.3 Limits on Shares Issuable on Exercise of Options

At the time of grant of any Option, the aggregate number of Shares reserved for issuance under the Plan which may be made subject to Options at any time and from time to time (including those issuable upon the exercise of Pre-Existing Options) shall not exceed 10% of the total number of issued and outstanding Shares, on a non-diluted basis, as constituted on the Grant Date of such Option.

Any Shares subject to an Option which has been granted under the Plan and which has been subsequently cancelled or terminated in accordance with the terms of the Plan, without having been exercised, will again be available for issuance pursuant to the exercise of Options granted under the Plan.

The number of Shares which may be issuable under the Plan, together with all of the Company's other previously established or proposed share compensation arrangements, within a one-year period:

- (a) to any one Optionee, shall not exceed 5% of the total number of issued and outstanding Shares on the Grant Date on a non-diluted basis, unless the Company has obtained Disinterested Shareholder Approval to exceed such limit, if required by TSX Policies;
- (b) to Insiders as a group shall not exceed 10% of the total number of issued and outstanding Shares on the Grant Date on a non-diluted basis, unless the Company has obtained Disinterested Shareholder Approval to exceed such limit, if required by TSX Policies;
- (c) to any one Consultant shall not exceed 2% of the total number of issued and outstanding Shares on the Grant Date on a non-diluted basis; and
- (d) to all Eligible Persons who undertake Investor Relations Activities shall not exceed 2% in the aggregate of the total number of issued and outstanding Shares on the Grant Date on a non-diluted basis.

3.4 Option Agreements

Each Option shall be confirmed by the execution of an Option Agreement. Each Optionee shall have the option to purchase from the Company the Option Shares at the time and in the manner set out in the Plan and in the Option Agreement applicable to that Optionee. In respect of Options granted to Employees, Consultants, Consultant Companies or Management Company Employees, such person is required to be, and the Company will represent in the applicable Option Agreement, that the Optionee is a bona fide Employee, Consultant, Consultant Company or Management Company Employee, as the case may be, of the Company or its subsidiary. The execution of an Option

Agreement by the Company shall constitute conclusive evidence that the Option issued thereunder has been issued in compliance with this Plan.

4. EXERCISE OF OPTION

4.1 When Options May be Exercised

Subject to paragraphs 4.3, 4.4 and 4.5, an Option may be exercised to purchase any number of Option Shares up to the number of Vested Unissued Option Shares at any time after the Grant Date up to 4:00 p.m. Pacific Standard Time on the Expiry Date and shall not be exercisable thereafter.

4.2 Manner of Exercise

The Option shall be exercisable by delivering to the Company a written notice specifying the number of Option Shares in respect of which the Option is being exercised together with payment in full of the Option Price for each such Option Share. Upon receipt of such notice and payment by the Company, there will be a binding contract for the issue of the Option Shares in respect of which the Option is exercised, upon and subject to the provisions of the Plan. Delivery of the Optionee's cheque payable to the Company in the amount of the Option Price shall constitute payment of the Option Price unless the cheque is not honoured upon presentation in which case the Option shall not have been validly exercised.

4.3 Vesting of Option Shares

The Board, subject to the policies of the Exchanges, may determine and impose terms upon which each Option shall become vested in respect of Option Shares. Unless otherwise specified by the Board at the time of granting an Option, and subject to the other limits on Option grants set out in paragraph 3.3 hereof, all Options granted under the Plan shall vest and become exercisable in full upon grant, except Options granted to Consultants performing Investor Relations Activities, which Options must vest in stages over twelve months with no more than one-quarter of the Options vesting in any three month period. Notwithstanding the foregoing, in the event that a Pre-Existing Plan imposed vesting requirements on a Pre-Existing Option, such vesting requirements must be satisfied before any such Pre-Existing Options shall become vested.

4.4 Termination of Employment

If an Optionee ceases to be an Eligible Person, his or her Option shall be exercisable as follows (subject to any extension that may be approved by the Board and permitted by TSX Policies):

(a) Death or Disability

If the Optionee ceases to be an Eligible Person, due to his or her death or Disability or, in the case of an Optionee that is a company, the death or Disability of the person who provides management or consulting services to the Company or to any entity controlled by the Company, the Option then held by the Optionee shall be exercisable to acquire Vested Unissued Option Shares at any time up to but not after the earlier of:

- (i) 365 days after the date of death or Disability; and
- (ii) The Expiry Date;

(b) Termination For Cause

If the Optionee ceases to be an Eligible Person as a result of "termination for cause" of such Optionee by the Company or its subsidiary (or in the case of an Optionee who is a Management Company Employee or Consultant, by the Optionee's employer), as that term is interpreted by the courts of the jurisdiction in which the Optionee is employed or engaged, any outstanding Option held by such Optionee on the date of such termination, whether in respect of Option Shares that are Vested or not, shall be cancelled as of that date.

(c) Early Retirement, Voluntary Resignation or Termination Other than For Cause

If the Optionee ceases to be an Eligible Person due to his or her retirement at the request of his or her employer earlier than the normal retirement date under the Company's retirement policy then in force, or due to his or her voluntary resignation, or to his or her termination by the Company or its subsidiary other than for cause (or, in the case of an Optionee who is a Management Company Employee or a Consultant, the termination of the company providing management or consultant services to the Company or its subsidiary), any outstanding Option then held by such Optionee shall be exercisable to acquire Vested Unissued Option Shares at any time up to but not after the earlier of: (i) the Expiry Date; and (ii) the date that is 90 days (or 30 days if the Optionee was engaged in Investor Relations Activities) after the Optionee ceases to be an Eligible Person.

(d) Spin-Out Transactions

If pursuant to the operation of sub-paragraph 5.3(c) an Optionee receives options (the "**New Options**") to purchase securities of another company (the "**New Company**") in respect of the Optionee's Options (the "**Subject Options**"), the New Options shall expire on the earlier of: (i) the Expiry Date of the Subject Options; (ii) if the Optionee does not become an Eligible Person in respect of the New Company, the date that the Subject Options expire pursuant to sub-paragraph 4.4(a), (b) or (c), as applicable; (iii) if the Optionee becomes an Eligible Person in respect of the New Company, the date that the New Options expire pursuant to the terms of the New Company's stock option plan that correspond to sub-paragraphs 4.4(a), (b) or (c) hereof; and (iv) the date that is two (2) years after the Optionee ceases to be an Eligible Person in respect of the New Company or such shorter period as determined by the Board.

For purposes of this paragraph 4.4, the dates of death, Disability, termination, retirement, voluntary resignation, ceasing to be an Eligible Person and incapacity shall be interpreted to be without regard to any period of notice (statutory or otherwise) or whether the Optionee or his or her estate continues thereafter to receive any compensatory payments from the Company or is paid salary by the Company in lieu of notice of termination.

For greater certainty, an Option that had not become Vested in respect of certain Unissued Option Shares at the time that the relevant event referred to in this paragraph 4.4 occurred, shall not be or become Vested or exercisable in respect of such Unissued Option Shares and shall be cancelled.

4.5 **Extension of Expiry Date During Black-Out Period**

If the Expiry Date in respect of any Option occurs during or within five (5) trading days following a trading black-out period imposed by the Company, the Expiry Date of the Option shall be automatically extended to the date that is ten (10) trading days following the end of such black-out period (the "**Extension Period**"); provided that if an additional black-out period is subsequently imposed by the Company during the Extension Period, then such Extension Period shall be deemed to commence following the end of such additional black-out period to enable the exercise of such Options within ten (10) trading days following the end of the last imposed black-out period.

4.6 **Effect of a Take-Over Bid**

If a *bona fide* offer (an "**Offer**") for Shares is made to the Optionee or to shareholders of the Company generally or to a class of shareholders which includes the Optionee, which Offer, if accepted in whole or in part, would result in the offeror becoming a control person of the Company, within the meaning of subsection 1(1) of the Securities Act, the Company shall, immediately upon receipt of notice of the Offer, notify each Optionee of full particulars of the Offer, whereupon (subject to the approval of the Exchanges) all Option Shares subject to such Option will become Vested and the Option may be exercised in whole or in part by the Optionee so as to permit the Optionee to tender the Option Shares received upon such exercise, pursuant to the Offer. However, if:

- (a) the Offer is not completed within the time specified therein; or
- (b) all of the Option Shares tendered by the Optionee pursuant to the Offer are not taken up or paid for by the offeror in respect thereof,

then the Option Shares received upon such exercise, or in the case of sub-paragraph (b) above, the Option Shares that are not taken up and paid for, may be returned by the Optionee to the Company and reinstated as authorized but unissued Shares and with respect to such returned Option Shares, the Option shall be reinstated as if it had not been exercised and the terms upon which such Option Shares were to become Vested pursuant to paragraph 4.3 shall be reinstated. If any Option Shares are returned to the Company under this paragraph 4.6, the Company shall immediately refund the exercise price to the Optionee for such Option Shares.

4.7 Acceleration of Expiry Date

If at any time when an Option granted under the Plan remains unexercised with respect to any Unissued Option Shares, an Offer is made by an offeror, the Board may, upon notifying each Optionee of full particulars of the Offer, declare all Option Shares issuable upon the exercise of Options granted under the Plan, Vested, and declare that the Expiry Date for the exercise of all unexercised Options granted under the Plan is accelerated so that all Options will either be exercised or will expire prior to the date upon which Shares must be tendered pursuant to the Offer provided that any accelerated vesting of Options granted to Consultants performing Investor Relations Activities shall be subject to the prior written approval of the Exchanges. The Board shall give each Optionee as much notice as possible of the acceleration of the Options under this paragraph, except that not less than 5 business days and not more than 35 days' notice is required.

4.8 Compulsory Acquisition or Going Private Transaction

If and whenever, following a take-over bid or issuer bid, there shall be a compulsory acquisition of the Shares of the Company pursuant to Division 6 of the *Business Corporations Act* (British Columbia) or any successor or similar legislation, or any amalgamation, merger or arrangement in which securities acquired in a formal take-over bid may be voted under the conditions described in Section 8.2 of Multilateral Instrument 61-101 *Protection of Minority Security Holders in Special Transactions*, then following the date upon which such compulsory acquisition, amalgamation, merger or arrangement is effective, an Optionee shall be entitled to receive, and shall accept, for the same exercise price, in lieu of the number of Shares to which such Optionee was theretofore entitled to purchase upon the exercise of his or her Options, the aggregate amount of cash, shares, other securities or other property which such Optionee would have been entitled to receive as a result of such bid if he or she had tendered such number of Shares to the take-over bid.

4.9 Effect of a Change of Control

If a Change of Control occurs, all Option Shares subject to each outstanding Option will become vested, whereupon such Option may be exercised in whole or in part by the Optionee, subject to the approval of the Exchanges, if necessary.

4.10 Exclusion From Severance Allowance, Retirement Allowance or Termination Settlement

If the Optionee retires, resigns or is terminated from employment or engagement with the Company or any subsidiary of the Company (including, in the case of a Management Company Employee or Consultant, termination of the company providing such management or consulting services to the Company or its subsidiary), the loss or limitation, if any, pursuant to the Option Agreement with respect to the right to purchase Option Shares which were not Vested at that time or which, if Vested, were cancelled, shall not give rise to any right to damages and shall not be included in the calculation of nor form any part of any severance allowance, retiring allowance or termination settlement of any kind whatsoever in respect of such Optionee.

4.11 Shares Not Acquired

Any Unissued Option Shares not acquired by an Optionee under an Option which has expired may be made the subject of a further Option pursuant to the provisions of the Plan.

5. ADJUSTMENT OF OPTION PRICE AND NUMBER OF OPTION SHARES

5.1 Share Reorganization

Whenever the Company issues Shares to all or substantially all holders of Shares by way of a stock dividend or other distribution, or subdivides all outstanding Shares into a greater number of Shares, or combines or

consolidates all outstanding Shares into a lesser number of Shares (each of such events being herein called a "**Share Reorganization**") then effective immediately after the record date for such dividend or other distribution or the effective date of such subdivision, combination or consolidation, for each Option:

- (a) the Option Price will be adjusted to a price per Share which is the product of:
 - (i) the Option Price in effect immediately before that effective date or record date; and
 - (ii) a fraction, the numerator of which is the total number of Shares outstanding on that effective date or record date before giving effect to the Share Reorganization, and the denominator of which is the total number of Shares that are or would be outstanding immediately after such effective date or record date after giving effect to the Share Reorganization; and
- (b) the number of Unissued Option Shares will be adjusted by multiplying (i) the number of Unissued Option Shares immediately before such effective date or record date by (ii) a fraction which is the reciprocal of the fraction described in clause (a)(ii).

5.2 Special Distribution

Subject to the prior approval of the Exchanges, whenever the Company issues by way of a dividend or otherwise distributes to all or substantially all holders of Shares:

- (a) shares of the Company, other than the Shares;
- (b) evidences of indebtedness;
- (c) any cash or other assets, excluding cash dividends (other than cash dividends which the Board has determined to be outside the normal course); or
- (d) rights, options or warrants;

then to the extent that such dividend or distribution does not constitute a Share Reorganization (any of such non-excluded events being herein called a "**Special Distribution**"), and effective immediately after the record date at which holders of Shares are determined for purposes of the Special Distribution, for each Option the Option Price will be reduced, and the number of Unissued Option Shares will be correspondingly increased, by such amount, if any, as is determined by the Board in its sole and unfettered discretion to be appropriate in order to properly reflect any diminution in value of the Option Shares as a result of such Special Distribution.

5.3 Corporate Organization

Whenever there is:

- (a) a reclassification of outstanding Shares, a change of Shares into other shares or securities, or any other capital reorganization of the Company, other than as described in paragraphs 5.1 or 5.2;
- (b) a consolidation, merger or amalgamation of the Company with or into another corporation resulting in a reclassification of outstanding Shares into other shares or securities or a change of Shares into other shares or securities;
- (c) an arrangement or other transaction under which, among other things, the business or assets of the Company become, collectively, the business and assets of two or more companies with the same shareholder group upon the distribution to the Company's shareholders, or the exchange with the Company's shareholders, of securities of the Company, or securities of another company, or both; or
- (d) a transaction whereby all or substantially all of the Company's undertaking and assets become the property of another corporation;

(any such event being herein called a "**Corporate Reorganization**") the Optionee will have an option to purchase (at the times, for the consideration, and subject to the terms and conditions set out in the Plan) and will accept on the exercise of such option, in lieu of the Unissued Option Shares which he would otherwise have been entitled to purchase, the kind and amount of shares or other securities or property that he would have been entitled to receive as a result of the Corporate Reorganization if, on the effective date thereof, he had been the holder of all Unissued Option Shares or if appropriate, as otherwise determined by the Board.

5.4 Determination of Option Price and Number of Unissued Option Shares

If any questions arise at any time with respect to the Option Price or number of Unissued Option Shares deliverable upon exercise of an Option following a Share Reorganization, Special Distribution or Corporate Reorganization, such questions shall be conclusively determined by the Company's auditor, or, if they decline to so act, any other firm of Chartered Accountants in Vancouver, British Columbia, that the Board may designate and who will have access to all appropriate records and such determination will be binding upon the Company and all Optionees.

5.5 Regulatory Approval

Any adjustment to the Option Price or the number of Unissued Option Shares purchasable under the Plan pursuant to the operation of any one of paragraphs 5.1, 5.2 or 5.3 is subject to the approval of the Exchanges and any other governmental authority having jurisdiction.

6. MISCELLANEOUS

6.1 Right to Employment

Neither this Plan nor any of the provisions hereof shall confer upon any Optionee any right with respect to employment or continued employment with the Company or any subsidiary of the Company or interfere in any way with the right of the Company or any subsidiary of the Company to terminate such employment.

6.2 Necessary Approvals

The Plan shall be effective only upon the approval of the shareholders of the Company given by way of an ordinary resolution. Any Options granted under this Plan prior to such approval shall only be exercised, to the extent to which such Options are vested, upon the receipt of such approval. Disinterested Shareholder Approval (as required by the Exchanges) will be obtained for any reduction in the exercise price of any Option granted under this Plan if the Optionee is an Insider of the Company at the time of the proposed amendment. The obligation of the Company to sell and deliver Shares in accordance with the Plan is subject to the approval of the Exchanges and any governmental authority having jurisdiction. If any Shares cannot be issued to any Optionee for any reason, including, without limitation, the failure to obtain such approval, then the obligation of the Company to issue such Shares shall terminate and any Option Price paid by an Optionee to the Company shall be immediately refunded to the Optionee by the Company.

6.3 Administration of the Plan

The Board shall, without limitation, have full and final authority in their discretion, but subject to the express provisions of the Plan, to interpret the Plan, to prescribe, amend and rescind rules and regulations relating to the Plan and to make all other determinations deemed necessary or advisable in respect of the Plan. Except as set forth in paragraph 5.4, the interpretation and construction of any provision of the Plan by the Board shall be final and conclusive. Administration of the Plan shall be the responsibility of the appropriate officers of the Company and all costs in respect thereof shall be paid by the Company.

6.4 Income Taxes

As a condition of and prior to participation in the Plan, any Optionee shall on request authorize the Company in writing to withhold from any remuneration otherwise payable to him or her any amounts required by any taxing authority to be withheld for taxes of any kind as a consequence of his or her participation in the Plan.

6.5 Amendments to the Plan

The Board may from time to time, subject to applicable law and to the prior approval, if required, of the shareholders, the Exchanges or any other regulatory body having authority over the Company or the Plan, suspend, terminate or discontinue the Plan at any time, or amend or revise the terms of the Plan or of any Option granted under the Plan and the Option Agreement relating thereto, provided that no such amendment, revision, suspension, termination or discontinuance shall in any manner adversely affect any Option previously granted to an Optionee under the Plan without the consent of that Optionee.

6.6 Form of Notice

A notice given to the Company shall be in writing, signed by the Optionee and delivered to the head business office of the Company.

6.7 No Representation or Warranty

The Company makes no representation or warranty as to the future market value of any Shares issued in accordance with the provisions of the Plan.

6.8 Compliance with Applicable Law

If any provision of the Plan or any Option Agreement contravenes any law or any order, policy, by-law or regulation of any regulatory body or Exchange having authority over the Company or the Plan, then such provision shall be deemed to be amended to the extent required to bring such provision into compliance therewith.

6.9 No Assignment

No Optionee may transfer or assign any of his or her rights under the Plan or any Option granted thereunder.

6.10 Rights of Optionees

An Optionee shall have no rights whatsoever as a shareholder of the Company in respect of any of the Unissued Option Shares (including, without limitation, voting rights or any right to receive dividends, warrants or rights under any rights offering).

6.11 Conflict

In the event of any conflict between the provisions of this Plan and an Option Agreement, the provisions of this Plan shall govern.

6.12 Governing Law

The Plan and each Option Agreement issued pursuant to the Plan shall be governed by the laws of the province of British Columbia.

6.13 Time of Essence

Time is of the essence of this Plan and of each Option Agreement. No extension of time will be deemed to be or to operate as a waiver of the essentiality of time.

6.14 Entire Agreement

This Plan and the Option Agreement sets out the entire agreement between the Company and the Optionees relative to the subject matter hereof and supersedes all prior agreements, undertakings and understandings, whether oral or written.

5. In addition, to be considered timely and in proper written form, a Nominating Shareholder's notice shall be promptly updated and supplemented, if necessary, so that the information provided or required under this Policy to be provided in such notice shall be true and correct as of the record date for the meeting.

6. No person shall be eligible for election as a director of the Corporation unless nominated in accordance with the provisions of this Policy; provided, however, that nothing in this Policy shall be deemed to preclude discussion by a shareholder (as distinct from the nomination of directors) at a meeting of shareholders of any matter in respect of which it would have been entitled to submit a proposal pursuant to the provisions of the Act.
